

# "Minirechner": Erstellung der Oberfläche

1. Projektordner ... \minirechner anlegen;
2. Lazarus (IDE) öffnen;
3. Unit und Projekt speichern: **u\_minirechner**  
**p\_minirechner**
4. Objekte der Klassen **TLABEL**, **TBUTTON**, **TEDIT** erzeugen und die Attributwerte m.H. folgender Objektdiagramme im "Objektinspektor" zuweisen (form1 ist schon vorhanden);

form1 : TForm	
name	= Form1
caption	= Minirechner Version 1.01
height	= 320
width	= 291

welcome : TLabel	
name	= welcome
caption	= Minirechner
top	= 9
left	= 96
font_color	= clNavy
font_name	= Arial
font_size	= 16
font_style	= [fsBold]

aufgabe : TLabel	
name	= aufgabe
caption	= Gib zwei Zahlen ein:
top	= 54
left	= 8
font_color	= clBlack
font_name	= Arial
font_size	= 12

zahl1 : TEDIT	
name	= zahl1
text	= leere Z.-kette
top	= 81
left	= 48
height	= 21
width	= 88

zahl2 : TEDIT	
name	= zahl2
text	= leere Z.-kette
top	= 81
left	= 144
height	= 21
width	= 88

add : TBUTTON	
name	= add
caption	= +
top	= 128
left	= 113
height	= 23
width	= 23

sub : TBUTTON	
name	= sub
caption	= -
top	= 128
left	= 144
height	= 23
width	= 23

mult : TBUTTON	
name	= mult
caption	= *
top	= 168
left	= 113
height	= 23
width	= 23

divi : TBUTTON	
name	= divi
caption	= /
top	= 168
left	= 144
height	= 23
width	= 23

loeschen : TBUTTON	
name	= loeschen
caption	= C
top	= 168
left	= 176
height	= 23
width	= 23

ergebnis : TLabel	
name	= ergebnis
caption	= leere Z.- kette
top	= 209
left	= 48
font_color	= clMaroon
font_name	= Arial
font_size	= 10

erg_zahl : TEDIT	
name	= erg_zahl
text	= leere Z.-kette
top	= 232
left	= 72
height	= 21
width	= 144

**beenden : TBUTTON**

```
name      = beenden
caption   = Beenden
top       = 264
left      = 112
hight     = 22
width     = 73
```

**line : TLABEL**

```
name      = line
top       = 288
left      = 0
caption   = _
           (Unter-
           strich -
           Anzahl
           auspro-
           bieren
```

**copyright : TLABEL**

```
name      = copyright
caption   = 2010 Copy-
           right by
           Dein Name
top       = 306
left      = 126
font_name = Arial
font_size = 8
```
